This was for Day 28 of Kinktober - Face Sitting
Enjoy!

"I'm not sure if I want to do this", Will said to his husband, who was beside him on the bed. He was resting his hand on his round belly, sensing the occasional little kicks from time to time.

"Why not?", Hannibal asked. "Well", Will swallowed dry, "I'm heavier than before and I don't want you to make unnecessary effort", he said, timid.

"First of all", Hannibal turned to him and touched his face, "It's not an unnecessary effort, or any sort of effort at all, I want to make you feel pleasure." Will blushed. "Besides, did you imply that I'm no longer strong, my dear?", Hannibal teased.

"Of course you are", Will looked away, his cheeks getting even redder.

"Let me show you, to make sure", Hannibal purred, leaning to kiss Will.

The kiss was deep, hungry, like always, yet still enough to make Will start to soak the bed sheet under him with slick. Hannibal chuckled between kisses, sliding his hand down Will's skin, reaching between his legs and feeling the sticky wetness leaking from his hole. Will gasped when he felt Hannibal's fingers touching his skin.

"Can you do it for me now?"

Will only nodded, still blushing and biting his lower lip. Then, he moved and got on his knees above the bed and Hannibal helped him to get on top of him. Will was now sitting on Hannibal's chest, receiving a satisfied smile from his husband underneath.

"Relax. Let me do the rest." Hannibal looked like he would eat Will only with his gaze, dark ravenous eyes running all over Will's body, and Will shivered. Hannibal then slid his hands on Will's thighs, going up until he reached his ass and grabbed it, delicately but firm at the same time. Hannibal soon saw how hard Will's cock got, eager for stimulation, and he smirked.

He licked his lips before finally bringing Will closer while gripping his ass, and, without wasting time, he took his length to his mouth. Will moaned, quickly grasping on the headboard of the bed. Hannibal sucked low and steady, then gradually increased the pace, his biceps contracting with the effort of holding Will's body. Will was feeling more sensitive than normal, he would come in any second, moaning loud and crying with pleasure.

However, before Will could come, Hannibal moved his body in a way that he could get better access to his ass, and felt some drops of slick dripping over his face. He began to work on Will's hole, avidly licking and sucking, slick running down from his mouth to chin. Hannibal was allowing himself to be more sloppy, kissing Will's hole, tasting him like he was starving. Will couldn't help but rock his hips, wanting more and more of the sensation; he was practically sitting on Hannibal's hands, which grabbed his ass strongly enough to leave bruises.

Will came untouched with a loud cry. Hannibal proceeded to lick Will's hole, swallowing his slick until he felt satisfied. He helped a panting Will to lay down on the bed, too exhausted to move but having to be careful with his belly. Hannibal's face was almost all wet, and he licked his lips again, a smug smile on his face.

"I told you, my dear", his voice was hoarse. "I'm stronger than ever, you can count on it."

Will tried to catch his breath, only nodding, letting out a breathless laugh.

"Besides, you're sweet as always", Hannibal said.

Will covered his face with his hands.
